## OLD FIDDLERS.

Photo by W. J. Mattingly, Cloverport, Ky.

Haftone, Heybach-Bush & Co., Louisville Ky.

Reading from right to left their names are as follows: First row—John Elder, John Askins, L. W. Argabright, James Johnson. Second Row—R. W. Lewis, John Ball, Joe Stewart, Louis Ashley, Chas. Furrow.

The pictures of two old fiddlers, Price Gaaham and Thomas Eltherton, who took part in the contest which do not appear in the group above, could not be secured, as they were absent when the photograph was taken. Those who take their place, R. W. Lewis and John Askins, are old fiddlers of this community and Mr. Lewis was one of the judges.

## NEW TICKET IS ELECTED.

Progressive Ticket for Council Wins Over Citizens by Big Majority.

MUCH SCRATCHING WAS DONE.

In the election yesterday for city councilmen the new ticket, known as the Progressive, won over the old Citizens ticket by a majority ranging from 102 to 180, the average majority being 157. The first precinct gave the Progressive ticket an average vote of 40, the second 45, and the third 160. From the first precinct the Citizens ticket received an average vote of 20, from the second 19 and from the third 60.

There was much scratching, as will be seen from the official vote given below. Much interest was shown by the voters in the councilman election. Below follow the official returns:

Precinct No. 1.—J. M. Fitch 39, J. H. Brown 45, J. W. Pate 46, H. G. Yeager 37, C. S. Lamb 32, S. H. McCracken 40.

**Fine Price for Tobacco.**  
Gus Allen, of Garnettsville, sold two hogheads of trash and two of lugs in Louisville Monday at five cents net. This is considered a fine price for tobacco of these grades.

**Mrs. Maggie Funk Dead.**  
Bewleyville, Ky., Nov. 3.—(Special).—Mrs. Maggie Funk, who has been very ill several weeks, died Saturday night.

## Tobacco Situation Unchanged.

The tobacco situation in this city, as far as can be learned, is unchanged. John Pheon is contemplating renting the Pace warehouse, in which case he will buy for Galleher & Co. If he does this it will be a good thing for the town in one way, as it will give employment to forty or fifty stummers. If the tobacco is not shipped to the company's large stummers, if this company buys here it is not known at present what effect it will have on prices. The public does not know whether Galleher & Co. belong to the tobacco trust. Some are inclined to think one way and some another. It is not known now whether they would cut prices on each other or not, but it is the opinion that Galleher & Co., like the American, will not improve the prices. The market for the tobacco growers in this section is still very uncertain and yet a matter of conjecture.

## Report of Frymire School.

Examination held Oct. 22 and 23, 1903. The following pupils, having passed written examination on list of questions, not prepared with the intention of giving them something simple that they might all make a high average, but questions that would cause the pupil to think, made general averages as follows: Advanced Department—Anna Bigham, 92.2; E. Gertrude Allen, 94.7; W. Abner Robertson 94.7; Vanda H. Frymire, 93.2; Fannie B. Barger, 91.1; Victor H. Robertson, 87.8.

Intermediate Department—Lena Brashear, 94.4; John Popham, 94.3; Roy H. Bassett, 94; Jessie E. Bigham, 93; Owen C. Bruner, 93.6; Mollie B. Bane, 91.6; Amy Barr, 84.1; Mollie Barr, 82; L. S. Brashear, 84; Primary—Caroline Brashear, 92.5. I find at Frymire pupils, most of whom have, what is so essential, the proper training at home.

## Big Factory for Owensboro.

Owensboro, Ky., Nov. 1.—Plans have been consummated for the removal to this city of the Owens & Co. manufacturing plant of Green Bay, Wis. The concern will be capitalized with a capital stock of \$250,000. Something over \$75,000 worth of stock has been taken by forty of Owensboro's business men. The plant has been manufacturing school and church furniture for the last ten years in Green Bay. The plant will be located in the building of the Owensboro Chamber Suite Company, at Seven Hills.

## THE OLD COCK'S A CROWING IN BRECKENRIDGE COUNTY.

Moorman for Representative. Moore for Circuit Clerk.

## Hancock Republican.

Hancock county went Republican yesterday in the election for Governor, Representative, Circuit Clerk and Circuit Judge. Belknap received 204 majority, Stewart, for Representative, 129 majority, Kyler, for Circuit Clerk, 100 majority, and Morrison, for Circuit Judge, 131 majority. The Republicans are claiming that the Sixth district will go for Morrison by a majority of 50.

## Wm. C. Wheeler Dead.

William C. Wheeler, a prominent citizen of Perry county, died Saturday morning, October 31, at his home at Hardin Grove, Ind., after a long illness. The deceased was seventy-two years old. A widow and two sons survive him.

The funeral took place Monday morning at 11 o'clock from the residence, Rev. Taylor, pastor of the M. E. church, officiating. The burial was in the family graveyard.

## Card of Thanks.

The undersigned wish to thank friends and relatives for their kind sympathy and aid in the sickness and death of the late William C. Wheeler.

## The Family.

## New Be Weyville Firm

Bewleyville, Ky., Nov. 3.—(Special).—A new firm, Bennett & Morris, takes the place of Bennett & Drury. Rev. George Morris having bought out Geo. Drury. Rev. Morris has also bought the dwelling owned by Thos. Anderson and will move soon.

## Machinery Arrives.

The special machinery for making interlocking tiling for the Murray Roofing T. Co. Company has arrived from Bucyrus, O.

The big clay shed at the company's plant has been completed and clay is being stored under it for use in inclement weather. Manager Murray had a number of teams at work last week scraping away the upper soil near the clay hole in order that the clay, which is only a few feet below the surface, might be uncovered and easily available to the men employed in bringing it to the pug mill.

## And Yet No Statement.

Although more than a month has elapsed since President Dorey, of the State Fair association, promised the Owensboro guarantors an itemized statement of the receipts and expenditures of the second annual state fair, the report has not been received, and the probabilities are that the document will be delayed until after the association holds its annual meeting on November 3. There are a large number of unpaid accounts over the State and the creditors of the institution are clamoring for their money.

## Enjoying Good Trade.

The merchants of this city are enjoying an excellent fall trade. All of them have brought on much new goods and it keeps their clerks busy to wait on their customers during the fall rush. On account of the heavy buying a number of the stores have had to employ more clerks. The trade is especially good on Saturdays and these good times for the merchants are only a few out of the many indications that Cloverport is on a boom.

OUR NEXT REPRESENTATIVE THE HON. D. C. MOORMAN OF GLENDEANE TOWN.

## DEMOCRATS VICTORIOUS

In Breckenridge County in Both County and State Elections Tuesday.

## ALL MAJORITIES ARE SMALL.

The election for state and county officers Tuesday in Breckenridge county was very close, the Democrats coming out ahead by small majorities. At all the precincts much enthusiasm was shown by the voters of both parties and it was predicted that the races would be close.

In the race for Representative the unofficial returns show that the Hon. D. C. Moorman, the Democratic candidate, received a majority of 43 over Matt Payne, the Republican candidate. In the race for Circuit Clerk Tom Moore, the Democratic candidate, received 54 more votes than W. S. Ball, the Republican candidate. Jolly, the Democratic candidate for Surveyor, Wood, Chief, Democratic candidate for Circuit Judge, and J. R. Layman, Democratic candidate for Commonwealth's Attorney, had no opposition from the Republican party.

Beckham won over Belknap by the small majority of 110. The election over the county was very quiet and no disturbances or franks have been reported. At Hudsonville, a Republican precinct, 26 ballots were thrown out as illegal. Voting for the Prohibition, Socialist and Socialist Labor ticket was very light and no votes were cast for any of these tickets in a number of precincts. Few votes also were cast for or against the Constitutional amendment. The vote for Governor, Representative and Circuit Clerk by majorities will be found on the last page of this issue in tabulated form.

## STATE GOES DEMOCRATIC.

Louisville, Ky., Nov. 4, 1 a. m.—(Special).—Breckinham carries the State by from 10,000 to 15,000 majority. The whole Democratic ticket in the city of Louisville elected by from 4,000 to 5,000 majority.

## LONG TERM OF CIRCUIT COURT.

Fifteen Days Were Consumed in Deciding a Number of Important Cases.

### REPORT OF THE PROCEEDINGS.

Hardinburg, Ky., (Special).—The following are the Circuit Court proceedings for the second and last week of the present term:

A judgment was rendered in favor of the plaintiff, quieting title to several tracts of land, in the case of James Hovious, Mary J. Miller and Enola Rafferty vs. the Tar Creek Valley Mineral and Natural Gas company.

The action of Isaac Priest against James Priest & Co. was submitted for judgment on the face of the papers. The court took the case under advisement.

In the case of C. M. Smith vs. Henry Greenwell and a judgment was rendered the plaintiff for a sale of land in payment of his debt and costs. Sheriff Frank P. Payne received an order from the Board of Prison Commissioners, last week, requiring him to return Samuel H. Harrison to the Edlyville penitentiary without delay as he had violated the terms of his parole. Mr. Harrison was sentenced to life term in the penitentiary several years ago, for killing Ed Thompson, the town marshal of Hardinburg. He had been out on parole for about eight months.

County Attorney, L. A. Faust, of Hardin county, was sworn in as a member of this bar, on the motion of Attorney Morris Eskridge.

The damage suit of E. W. Lampton against R. D. Davidson and others was tried last Thursday. Mr. Lampton was riding along the highway when his horse was frightened by the defendants' header. He was thrown from his horse and suffered serious injuries, which confined him to his bed for several weeks. The petition asked for \$5,000 as damages. At the conclusion of the testimony for the plaintiff, defendants moved the court to preemptorily instruct the jury to return a verdict for them. The court sustained this motion on the ground that the plaintiff had failed to introduce evidence showing that the injuries complained of were caused by the negligence of the defendants. The jury returned a verdict for the defendants and the petition of the plaintiff was dismissed.

The case of Chas E. Murphy against Flora Lee Osborne and others was continued by consent, and the defendants were given thirty days within which to file their answer thereto.

The case of the Stone Tobacco Warehouse Co. against T. A. Probus, was submitted for judgment.

The action of W. E. Board vs. Hugh Baycott was tried Wednesday. The jury returned a verdict in favor of the plaintiff.

## Paine's Celery Compound Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The torments and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distention of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach; it opens up the system of the liver and removes all waste matter; it cleanses the blood; it makes new nerve fibers; it restores digestive power, and promotes healthy sleep and activity. Mr. Fred Ross, Clarendon, Iowa, briefly writes of his own experience with Paine's Celery Compound as follows:

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so run down that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."

plaintiff in the sum of twenty-five dollars.

The four cases of Dr. P. W. Foote A. V. Lingwater, Geo. E. Morris and Emily Hook, against the Independent Long Distance Telegraph and Telephone company, were dismissed without prejudice by the plaintiff.

On the tenth day of the term, the action of Frank Fraize against J. R. Mays was tried. The suit was on some notes and the jury returned a verdict in favor of the plaintiff in the sum of seventy-five dollars. On a succeeding day of the term the plaintiff moved the court to grant him a new trial, which motion was overruled by the court.

The actions of Breckenridge county against S. A. Pate and V. B. Burton's administrator, five in number, were argued by J. Allen Deane for the plaintiff and Morris Eskridge and Roulton Miller for the defendant and submitted on the demurrers filed by the defendants, which were sustained by the court.

The trial of the case of F. W. Hall against the L. H. & St. L. Ry. Co. was begun on last Thursday and continued three days. This suit was for damages in the sum of \$25,000 for personal injuries received by the plaintiff who was an engineer, in a wreck that occurred about three years ago near Watman, in Daviess county. The jury returned a verdict for \$5,000 in favor of the plaintiff. Col. Bennett H. Young, of Louisville, and Judge N. Mc. Mercer represented the plaintiff and R. A. Miller, of Owensboro, was the attorney for the defendant. The jury was composed of the following gentlemen: Nelson Claycomb, Eli Chapin, John H. Elder, John Stinnett, S. E. Basham, J. B. Ricketts, John Furrow, John Alexander, Milt Squires, John B. Buttr, Julius Duttsche and J. L. Gray.

The case of D. S. Richardson against W. B. Rayborn was settled by the parties and dismissed.

On motion of the plaintiff the action of George P. Glascock against John P. Garner and others was dismissed without prejudice.

Circuit court adjourned last week after having been in session fifteen days.

Among the visiting attorneys here during this term were Messrs. J. S. Wortham and John Graham, of Letchfield, Col. Bennett H. Young, of Louisville, J. Allen Dean, R. A. Miller and Jas. R. Skillman, of Owensboro, L. A. Faust, of Elizabethtown, and V. G. Babbage and G. C. Murray, of Cloverport.

## Dragging Pains

2925 Kewley St., CHICAGO, ILL., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groin. I suffered terribly at the time of menstruation, had bleeding headache and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

*Maud Bush*

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and bleeding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

### FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old it had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by Short & Haynes.

WEDNESDAY, NOVEMBER 4, 1903.

Now get ready for Thanksgiving.

What's the matter with Hudson  
ville?

A partisan paper is not a newspa-  
per; it's an organ.

It was a very quiet and peaceable  
election and a sober one too.

"Nothing except the mint can make  
money without advertising," Glad-  
stone.

A dollar invested in the News either  
in advertising or subscription is  
worth ten in the bank.

Our "Heargain Month" was a great  
success. We added nearly 400 new  
names to our list—those added to our  
already large list puts us right into the  
3,000 mark.

The "old fillers" are not an old  
looking affair at all. They are a bright-  
ly set and the News takes pleasure  
in introducing them to its readers.  
Bridles, boxes and all.

Don't try to reach the homes of  
Breckenridge county people through  
the columns of any other medium.  
The straight and only way is through  
the use of the Breckenridge News.

The Breckenridge News is the only  
country weekly in Kentucky that has  
the proud distinction of being a mem-  
ber of Printers' Ink Roll of Honor.  
And no amount of money can buy  
a place in this list for a paper not  
having the requisite qualification.  
The qualification is a detailed circula-  
tion statement, duly signed and dat-  
ed.

Our old friend, John P. N. D. of  
Franklin, Ill., still has a tender spot  
in his heart for old Cloverport.  
In renewing his subscription to the  
News he says: "I am glad to learn  
through the News that Cloverport is  
adding to many new industries to  
herself and home is still the chief-  
est place. I have a warm place in my heart  
for Cloverport and her future and will  
always cherish kind feelings for her  
citizens and my friends, as I consider  
them all such. With best wishes to  
yourself and family and all inspir-  
ing friends, I am yours truly."

Dr. H. H. Compton, of Allen, Tex.,  
a former well-known and honored  
citizen, who lived here in the eighties,  
in renewing his subscription to the  
News, says: "On our home the News  
is not only a welcome weekly visitor,  
but a friend to face talk with the good  
people of your county, all the good  
I assure you. I am tenderly loved. I  
contemplate a visit to the old home  
during the approaching Christmas  
holidays and if I can do so, I will not  
forget you and the good people of  
your county and thrive city. To do  
this after an absence of 23 years  
will, I assure you, be one of the  
greatest pleasures of my life."

## A FREE FEAST FOR THE MINDS OF FARM FOLKS

try home. "Farm Life" is in the  
country people's hands the Saturday  
Evening Post is to the city people.  
It is a clean, wholesome magazine—  
a magazine that delights every mem-  
ber of the household—that gives sat-  
isfying nourishment to the mind—that  
has common sense for the basis of its  
many splendid articles. The Novem-  
ber issue of "Farm Life" will be the  
special Thanksgiving Number.  
Among its features will be a double

## THANKSGIVING PROCLAMATION.

President Roosevelt has issued his  
annual Thanksgiving proclamation in  
the following terms:

By the president of the United  
States of America, a proclamation:  
The season is at hand when accord-  
ing to the custom of our people it falls  
upon the president to appoint a day  
of praise and thanksgiving to God.

During the last year the Lord has  
dealt bountifully with us, giving us  
peace at home and abroad and the  
chance for our citizens to work for  
their welfare unhindered by war,  
famine, or plague. It behooves us not  
only to rejoice greatly because of  
that has been given us, but to accept  
with a solemn sense of responsibility  
realizing that under heaven it rests  
with ourselves to show that we are  
worthy to use aright what has thus  
been entrusted to our care.

In no other place and at no other  
time has the experiment of Govern-  
ment of the people by the people and  
for the people been tried on so vast  
a scale as here in our own country in  
the opening years of the Twentieth  
century.

Patience would not only be a dread-  
ful thing for us but a dreadful thing  
for all mankind, because it would  
mean loss of hope for all who believe  
in the power and the righteousness  
of liberty.

Therefore, in thanksgiving to God for the

## Sunday-School Conventions

The county executive committee of  
the Sunday-school association of  
Breckenridge county have decided to

A pretty broad assertion, but it is a fact nevertheless.

### Osteopathy Defined.

Osteopathy is a therapeutic science, founded on known and verified laws of physiology. A method of treating diseases by manipulation, the purpose and result of which is to restore the normal condition of the nerve and blood supply to every organ of the body. It is not rubbing or massage, as many will try to convince you. Massage is no more like osteopathy than it is like the Lorenz operation for setting dislocated hips. While there are many ailments that cannot be cured by osteopathy, there are many more that cannot be cured by any other method. Do not imagine that osteopathy is a narrow practice. It treats successfully a much wider range of human ailment than any other branch of the healing art. The highest standard of a medical education is now required of an osteopath.

If you are not satisfied that other systems of treatment are reaching your malady do not despair of regaining your health until you have consulted a competent osteopath, and see if he can not throw some light on his cases.

America claims prior honors for a bloodless surgery—that system is osteopathy.

### Free Reclining Chairs.

The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, The Henderson Route, which road has been rightly termed the "Kentucky's Official Route to the West and Southwest."

It has just been announced from the general offices of the Louisville, Henderson & St. Louis railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair cars, which have just been received from the shops, and are a revelation in the car-builder's art.

The cars are strictly up-to-date, first-class, "palaces of travel" on wheels, and this is only one of the many surprises which will be met by the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned. They are solidly reupholstered and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strain incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature to the traveling public, and we can only suggest that in traveling you "get the Henderson Route habit."

Missed the News.

The News has received the following letter from Geo. W. Meador, of Hardinsburg, who joined the regular army Oct. 19, as mentioned in the News Oct. 21:

Oct. 25, 1903, Col. J. B. Barracks O. J. Mr. J. D. Babbage, Dear Sir:—You do not know how I missed your paper this week. Please send me the Breckenridge News this week to Columbus Barracks, Ohio, and continue until further notice.

I like Columbus fine. We have a beautiful location here and there are over six hundred soldiers here now. I attended services at a Methodist church today and visited the capitol and deaf and mute school. Columbus is making a desperate fight against the liquor traffic here and, of course, the soldiers are taking the lead. Best wishes to old Breckenridge News and friends.

Respectfully,  
Geo. W. Meador.

Long Drouth Broken.

The long fall drouth was broken. In this section Sunday by a good rain. While late crops were not materially affected by the drouth, it caused the farmers much loss by drying up the pasture and making it necessary for many of them to haul water some distance for their stock.

Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

## HIS LIFE AND HIS ODDITIES.

M. F. Brown, Worth Thousands,  
Lives on a Shanty Boat and  
Has a Pet Spider.

### NOW IN CITY ON BUSINESS.

Lives on a shantyboat, is worth thousands of dollars, has a huge pet spider, has had a varied and long experience as a riverman. The story of Millard F. Brown, while familiar, perhaps, to a few, is unknown to many people in this city and county.

Although this man's home was once only a few miles from this city and although he is now living on a shantyboat on the Ohio river just below this city, little is known to the general public of his life and eccentricities. While his case is not of an extraordinary nature, it is one among a thousand and will probably be of interest to the readers of the News.

A representative of the News paid Mr. Brown a visit in his shantyboat one day last week and had an hour's pleasant conversation with him, during which he learned much about his life as a riverman and some of his eccentricities. Mr. Brown has acquired the larger part of his education from experience and, in conversation, impresses one with his simple and yet instructive expressions. When he tells a story he throws his whole soul into it to his words and his face beams with pleasure at the telling.

Mr. Brown has had an experience as varied, perhaps, as that of any riverman in the country. He is an adept in two trades, that of boat carpenter and ship-rigger carpenter and he has served at various times as mate, carpenter and watchman on a large number of boats. He has also spent several years railroad work in this way came into possession of the small fortune at his command. In 1872 he saw his first service on the Ohio river as fireman on the Samnor, one of the American Canal Coal Company's boats, at which time he was the engineer's trade. For nearly a score of years after this he boated out of Cairo, Ill., on the towboats of different companies. For a long time he was watchman on the old Chas. Brown, which was towing coal out of St. Louis, the carpenter on the Harry Brown, which belongs to the same company. After this he served on the Mississippi Valley Transportation Line's boats, part of the time as watchman and part as second mate. At one time he was mate of the Jennie Campbell, of the same line, which was towing around Cincinnati, and later mate on the Jack Frost, which towed logs for a firm in St. Louis. After this he was mate on the Louis Hook, which was towing railroad ties out of St. Louis. While on the Louis Hook he was employed on the Huntington & St. Louis towboats, among them the Jack Heathington, Frisbie and Wash Shonell.

The last towboat Mr. Brown served on was the T. H. Davis, which plied the Tennessee river in 1890 and towed tim from Waterloo, near the source of the stream.

Besides serving on the towboats of private companies he was employed several years on Government boats towing rock for river improvements. Among these were the Emma Eldridge, Minnie Tonka and the Vidette.

Mr. Brown was never employed on packets and during the summer months, when the large towboats could not run, he would put in his time railroad. At one time he worked for the Big Four as bridge carpenter and in 1892 worked on the belt line of the Cotton Belt Route, which was a good paying position. While working for the Big Four he was badly hurt by some falling timbers while working with his crew. He was laid up for two months and then brought suit against the railroad for damages. This was in November, 1899, and in 1899 he won his suit and received \$7,500 damages. Last spring he sold his farm near Tobinsport, Ind., to Dan Parish, formerly of this city, for \$4,000.

Mr. Brown has been very saving with his money, but, strange to say, no one knows where it is and he won't tell them either. Although having sufficient money to build him a comfortable home and live in comfort the rest of his life he chooses to live all alone on a small shanty boat. And this is one of his eccentricities. Another is his pet spider, which he calls "Frank." He thinks as much of Frank as you or I would think of a pet cat or dog. Frank is one of the

largest spiders of his kind found in this part of the country. When Frank is in a good humor his master lets him go where he pleases, over the furniture of the room and over his hands and arms. When Frank is in this mood Mr. Brown gently strokes him on the back and thins Frank is a fine fellow. When Frank is in a bad way Mr. Brown makes him run away into his hiding place. One of Frank's favorite pastimes is killing flies and Mr. Brown prides himself on the number he can kill in a day. He has no use for screens and fly paper when Frank is at home.

Mr. Brown's father and mother, Mr. and Mrs. Crawford Brown, are both dead and he is now having J. E. Keith & Son, of this city, erect a handsome monument at their grave. He has a sister living near Tobinsport who is his only near relative in this part of the country. He intends to go on his shantyboat in a few weeks to Paducah, to get work on a towboat. This suits him best, he says, and he wants to return to it. Before going he has some business in this city to attend to and several debts in Tobinsport to collect.

### Big Ones Perilville By M. Mosely.

D. J. Morrison, our good postmaster, noted for his truthfulness, says he and his brother, Scott, came across a snake of the spreading viper variety and thought they would poke a stick at it and make it blow and spread. He says it spread and hissed and got so mad that it gave a twist and actually turned itself inside out in a twinkling and was dead in a second.

Rev. James Morgan, of Webster, says his sweet potatoes are remarkable this year, lots of them six and eight inches in diameter and one which could not be gotten into a bushel basket.

Dr. Chambers, of Chambers, is known by every person in the county on account of his being such a good man and fine physician. He related to me recently this singular part of his practice. He says, "Several years ago I was called to see a very fine lady when a pretty little girl baby was born. The little one grew fast and in course of time married. In my practice I was called to see her when a wee tot of a baby girl was born. The child was healthy and grew fast and soon reached womanhood, when she was married. Well, in course of time, I was called to see her and a very sweet little girl baby was born. This child, like its ancestors, was healthy and she soon grew into a pretty girl and was so pretty she married in her teens. This last spring I was called to see her when a boy baby was born." The doctor tells this in a matter of fact way and it is doubtful whether any doctor in the State has had a similar experience. Speaking of the amount of work one man can do in a day, Luke Riggs, who never yawns, except in a horse trade, said he knew a man who sheared ninety head of sheep, replanted sixty acres of corn and went to the election after it.

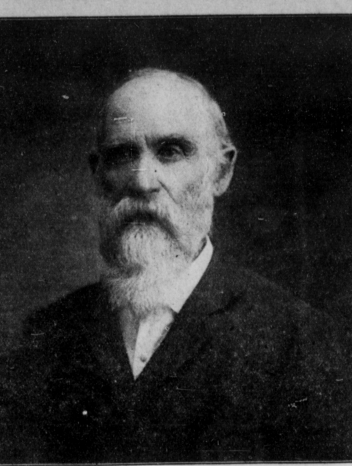

### "Four Roads to Paradise."

"Four Roads to Paradise" is the title of a novel by Mrs. Maud Wilder Goodwin which is to appear in the Century Magazine, beginning with the November number. This title was suggested by this passage from the Talmud: "Four men entered Paradise: one beheld, and died; one lost his senses; one destroyed the young plants; one only entered in peace." It is a love story of New York people, with the principal scenes in New York and Florence. In character drawing, observation of life, wit and literary finish, the conductors of the Century confidently believe that this novel will place Mrs. Goodwin among the foremost story-writers of America.

### The Soil That Breeds Fine Horses

In describing experiments made for the Department of Agriculture on the effects of lime and magnesium upon animal productions D. W. May of the Kentucky Experiment Station remarked that it is a well-known fact that the greatest development in live stock has been attained in limestone regions. He adds that in the blue-grass region of Kentucky, long noted for the beauty and quality of its live stock, and especially of its thoroughbred horses, the soil has been formed largely by the disintegration of a limestone very rich in phosphates. But even in that favored region experiments are under way to determine whether the quality of the animals may not be improved by the addition of certain mineral elements to the food.—Youth's Companion.

## Tribute to L. A. Foote.

L. A. Foote, the subject of this sketch, was born April 30, 1831, in Fauquier county, Virginia, and came to Kentucky in 1833, with his parents, Edwin Foote and his wife Ellen Alexander. After coming to years of maturity and being well educated, he married Susannah Stuart, August, 1853, and spent his whole life in Breckenridge county, Kentucky.

Brother Foote united with the Methodist church in early life, but did not live a Christian for many years. He wandered far from God, was very profane, but on the first Sabbath in March, 1890, through the influence of the writer, after a noted visit to his home the day previous—a visit never to be forgotten—he was soundly and gloriously converted, the occasion being a "Jubilee Service" held at Beweelsville church. Brother Foote was an attentive and interested listener. And at the close of the special services he, under force of the Holy Ghost, embraced a number of his brethren, rejoicing on account of sins forgiven, assumed the role of a church member, and entered the blessed experience of a Christian life, which experience, as enjoyed until his transfer from earthly toil and sorrow to celestial joys in the "Green fields of Eden."

### Resolutions of Respect.

Resolutions of Beweelsville Sunday-school on the death of Mr. L. A. Foote. The Committee appointed to prepare resolutions upon the death of L. A. Foote begs leave to submit the following:

Resolved, First, that in the death of Mr. Lindwell Alexander Foote we express our sense of bereavement for the loss of a friend and brother. We gratefully record our love for this noble man, and our appreciation of his earnestness and unselfish devotion to duty. Years ago he was secretary of this Sunday-school. He discharged his duties faithfully and well and while true to the record he was capable of such versatility of expression as to make all reports interesting and instructive. Mr. Foote commanded the respect and confidence of his brethren. Since his re-consecration he has been untiring in his efforts to do the will of God as he could best learn, and from constantly reading his word, attending all religious services and conversing with Christian friends. We have known but few persons who talked so freely yet with such meekness of his spiritual condition and of his hopes for the future. He honored the house of God and loved to take part in all the services, ever performing to the best of his ability any duty assigned him. He will be greatly missed. Mr. Foote is through with this life and its battles and is the first member of his family to lay down his life's armor. We believe he has entered the "Home of Many Mansions" and there awaits the coming of wife and children and friends.

Resolved, Second, that this resolution be recorded in the minutes of Beweelsville Sunday-school, a copy furnished the family of the deceased, and to the county papers.

Mrs. C. H. Drury,  
Committee.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or if, for any reason, they fail to do their work, poisons, acids and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### Tenets of the Baptists

To the Editor of the Sun, Sir: You are generous in your courtesy to the various religious bodies that I feel confident that you will publish a brief summary of the tenets of the Baptist Church.

The Baptists hold the New Testament as the single standard of faith and practice.

They are not "narrow" in their interpretation of it, but allow the fullest latitude for individual reason. Their cardinal doctrine is the personal belief in Jesus Christ as the only Mediator between God and man, and in the Holy Spirit as His present representative in the world.

They reject the baptism of infants, as they hold that intelligent faith is a prerequisite to church membership. They believe "immersion" to be the only fair translation of the Greek "baptizo," as applied to a religious rite.

Their form of church government is democratic, each member having an equal vote.

They are in close fellowship with all other Christians. In the United States they were the first body to extend religious freedom to all people. This was done by Roger Williams, in Rhode Island.

The Roman Catholic colony in Maryland was the second body to take the step. They were pioneers in foreign mission work—Adoniram Judson being the first American missionary to Burma.

Numerically the Baptists are third—following the Roman Catholics and Methodists—but as their membership is adult, and includes no small children, it represents a larger constituency than its four and one-half millions would indicate.

The Church is prominently represented in education, literature and finance. No body of Christians has greater reason for encouragement.

In common law the presumption is in favor of an established custom. So in religion the great religious denominations have nothing to fear from passing hobbies and cults, so long as the majority of men are loyal to the simple verities of Scripture, as exemplified in the lives of Jesus and His Apostles.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the little use is made of it, gives it a flavor similar to maple syrup, making it quite pleasant to take. ### Recalls Old Wreck.

Last Wednesday afternoon while T. F. Sawyer was towing a large, loaded with hams blocks with the Elizabeth, the large got fastened on some rock in the bed of the river and it took about six hours to get off. The accident happened just a little below the mouth of Clover creek. It recalls the wreck of a big boat loaded with stone which sunk at that point years ago and has since been a menace to all river craft during low water.

The hams timber belonged to the United States Hams Co., of Tell City. It was shipped from Grayson, about four miles above Stephenson.
